

MHIC

MIGRANT HOUSING INTERNET CONNECTIVITY

Receive up to \$1,000/migrant housing unit for:

- Purchase of devices such as hotspots, routers, modems and antennas

- Set up fees
- Service payments

BENEFITS:

- Easier to communicate with farmworkers about outbreaks and emergencies
- Farmworkers have:
 - ▶ Immediate access to telemedicine resulting in early detections, less exposure and less missed time from work.

- ▶ Access to healthcare resources and health information
- ▶ Access to English as second language (ESL) classes and other educational opportunities
- ▶ Ability to connect with family and friends decreasing feelings of isolation and loneliness

Eligible farms cannot have received funds from the previous Migrant Housing Internet Connectivity grant.

To apply for reimbursement, contact:
